## ONLY 18 STARS DEVELOPED

Of the 150 Recruits Tried Out by the Sixteen Big League Clubs, but Few Are Kept in Line-Ups.

More than 150 ball players were either bought or drafted from the minor leagues last season by major league clubs. Looking over the line-ups of the 16 big league teams, only 18 new names have appeared regularly this season. In other words, of the 150 recruits tried out this season only 18 made good.

Think of the expense involved! Think of the scouts' salaries, the money spent in railroad fares and expenses sending men around the country looking for material, to say nothing of the fortunes paid into the coffers of the minor league clubs to secure these new men. And only 18 out of more than 150.

The Tigers have three new ones and are lucky. Bobby Veach, Ray McKee and George Dauss are the Tiger recruits who made good. The Naps have Chapman. St. Louis presents Leverenz, a pitcher, and Agnew, a catcher. The White Sox have a crack catcher, Ray Schalk, and Comiskey can also boast of "Red" Russell, one of the pitching "finds" of the season.

The New York Yanks found nobody and the Red Sox are in the same boat, but they did not waste much time looking for new material, Boston preferring to stand pat on the championship team of 1912. Philadelphia has Schang, Shawkey and E. Murphy and Washington boasts of Joe Boehling.

In the National league, New York got Demaree, a pitcher, Boston found a crack infielder in Maranville, and the Pirates got a star in Viox.

Rap Meyers, also of Boston, was the only recruit first sacker. Stengel of the Dodgers and Connelly of Boston

Ray Schalk, New White Sox Catcher.

were the outfield "finds" in the National.

Here is a club composed of recruits who made good last year:

Catchers—Schalk, Schang and McKee.

Pitchers—Russell, Dauss, Demaree, Boehling and Shawkey.

Infielders—Myers, Maranville, Chapman and Viox.

Outfielders—E. Murphy, Stengel, Veach and Connelly.

Collected on one club this line-up could furnish several of the major league teams with plenty of argument, not to mention a large number of defeats. As a whole these newcomers are fast, brainy and good hitters.

## Turn Down Fed Offers.

Many Cleveland players have turned down offers made to them by Federal league agents. Among them are O'Neill, Johnston, LeBeau and Chapman.

## BASEBALL NOTES

Manager Doolin says he's going to carry four catchers this season besides "himself." Get it?

Catcher Cady remarks that he has refused a \$12,500 a year from the Feds. These ball players turn down Fed offers most nonchalantly until they really get one.

## CAREER OF RIXEY, CRACK PHILLY PITCHER

Eppa Rixey, Jr., Philadelphia Twirler.

Eppa Rixey, Jr., the Philadelphia Nationals' young pitcher who jumped to fame by his clever work on the slab last season, was born in Culpeper, Va., May 3, 1891. He gained his first baseball experience at the Jefferson school, Charlottesville, Va., where he pitched for his school team in 1907-08-09. He entered the University of Virginia in 1909, and for three seasons was the mainstay on the slab for the Virginia

nine. Three years ago Umpire Rigger of the National league, who was coaching the university baseball squad, saw possibilities in Rixey and took particular pains to develop the tall boy. Eppa joined the Phillies after the close of the college season two years ago, and right off the reel began to stand National league batsmen on their heads and he gives promise of being better this season.

## SUCCESS DEPENDS ON WORK

Honesty of Umpire Is Essential and Losing Temper Means He's Gone, Says William Klem.

"An umpire's success depends entirely upon his integrity," says William Klem. "He is like a young player breaking into fast company. He must do his level best in order to prove his value and thereby command as much salary as possible. If an umpire loses his temper and tries to give a team the worst of it he is gone. It was particularly gratifying to me when President Johnson of the American league, praised me for my work in the world's series, yet I umpired those games with as much care as if they had been regular National league championship contests.

"The umpire's lot is not always pleasant, and many of us are blamed unjustly. But after that decision by Connelly in the second game of the world's series, I believe the public realizes that umpires are honest. Connelly called Strunk out at the plate just as he saw the play. He could have declared Strunk safe without raising a just howl of protest from anyone. But unkindful of the fact that he was employed by the American league, he made a ruling that proved his fairness. All umpires make mistakes, but umpires are only human."

Billy Evans has admitted frequently that he gave a decision in the series between the Giants and the New York Americans in 1910 that probably deprived the latter of victory. He called Jack Knight out at first base and prevented two men from scoring. Yet

immediately after the game Evans declared that he had erred. His integrity, however, excused him.

Waterbury Has Hard Job. J. M. Waterbury, Jr., known as "Monty," and recently elected captain of the American polo team to succeed Harry Paine Whitney, has a task before him to reorganize his cup defending squad. Whitney and Stoddard have retired, thus breaking up the big four. Waterbury will go to No. 3 position and send his brother up at No. 2.

Reported Sale of Denver Club. Reports of the sale of the Denver baseball club will not down despite denials by James C. McGill and Edward W. Smith, who is the prospective buyer. Smith is a well-known Chicago sport writer and has also gained a wide reputation as a fight referee.

McCarey Bound to Have Champions. T. J. McCarey, the Los Angeles boxing promoter, has decided to offer two new championship belts this winter. One will be for the middleweight championship and will be presented to the winner of the Gibbons vs. Clabby fight. The other will be for the welterweight championship. An elimination contest will be held to settle the ownership of the latter belt.

McGill Retains Denver Club. James McGill, who recently purchased the Indianapolis A. A. club, will not give up his holdings in the Denver club. McGill has secured a new manager to replace Jack Hendricks, who is transferred to the Hoosier club; Jack Coffey is to lead the Grizzlies.

Since being elevated to the captaincy, Sherwood Magee now takes three lumps of sugar in his Java instead of two.

Jimmy Sheppard is going to be a playing-manager. His ability to draw passes will be a great help to his team.

Roy Corhan, the former Sox, who was struck by a bean ball by Russell Ford, is playing a fast game for the Seals.

## FOR THE ATHLETES IN 1915

Every Branch of Athletics and Sporting to Be Covered at San Francisco-Panama Fair.

Tentative programs for national and international athletics in connection with the Panama-Pacific exposition at San Francisco in 1915 have been announced by Director of Athletics James E. Sullivan. The schedule of sports covers a period from February 20 to December 4, during which time more than 80 competitions, including every branch of athletics and sporting contests, will be held.

State and national championships open to scholastic, collegiate and A. A. U. athletes will be featured. Baseball, football, boxing, wrestling, rowing, bicycling, tennis, golf, gymnastics, yachting, bowling, hockey, basketball, shooting, swimming, handball and fencing have all been allotted dates in the extensive schedule.

According to the present plans almost every governing athletic and sporting association will award its national championship contest to California clubs, to be held in or near San Francisco.

All championship events will be open to the world. No athletic competitions will be scheduled for women, with the possible exception of such sports as tennis and golf. Mr. Sullivan stated that among the projects in connection with the exposition athletics was the use of the fair grounds for spring training by the big league clubs, and one game between world's championship contenders.

## PIRATES' STAR THIRD SACKER

Never Made Record as Heavy Slugger, but Is Clever Fielder and Great All-Round Hustler.

Henry M. (Mike) Mowrey, third baseman of the Pittsburgh Pirates, was born in Chambersburg, Pa., on March 24, 1883. He played professional baseball for the first time in 1903 as a member of the Chester, Pa. club. The following year he opened the season with Williamsport, but was later transferred to Johnstown, both clubs being in the Tri-State league.

Mike Mowrey.

In 1905 he played with the Savannah South Atlantic league team, being drafted in the fall by Cincinnati and turned over to the Baltimore club. He was with Baltimore during the season of 1906 until recalled by Cincinnati before the close of the season. Mike took part in 17 games with the Reds before the season closed and had a batting average of .321. He was a member of the Reds until 1909, when he was traded to St. Louis, and last year he went to Pittsburgh. Mowrey has never been able to bat in the 300 class since his first season in the big leagues, but he is a clever infielder and a great all-around hustler.

Yankee's Best Outfield. Baseball scribes believe that the outfield Frank Chance has got together is the best the Yankees have ever had. All of Chance's youngsters—Gilhooley, Walsh and Holden—have been sweating the pill at a .350 clip.

Grand American at Dayton. The Grand American will be shot on September 7 at Dayton, O., and will continue for five days. The grounds of the National Cash Register Gun club will again be used.

It is the peacemaker, not the peacemaker, who is blessed.

## SKIN TROUBLE ITCHED BADLY

Glenns P. O., Va.—"My baby's trouble began with an itching and then a little bump would come and she could not rest day or night. The trouble affected her whole body. The bumps festered and came to a head and the corruption looked like thick matter, kind of a yellow color. The sores itched so badly until it seemed to me she would scratch herself to pieces and then a sore would form and her clothes would stick to her body and pull off the little scab. In some places she would scratch and irritate the sores until they seemed to be large. She was affected about a year.

"I wrote for a sample of Cuticura Soap and Ointment. I bathed her body in warm water and Cuticura Soap and then I applied the Cuticura Ointment, and they afforded relief after twice using. I bought some more Cuticura Soap and Ointment and inside of two weeks she was cured."

(Signed) Mrs. J. R. Gregg, Nov. 21, 1912.

Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address postcard "Cuticura, Dept. L, Boston."—Adv.

Suspicion is not worse than certainty to the one who is suspected.

## Are You Suffering From? Auto-Intoxication?

The dictionary says that Auto-Intoxication is "poisoning, or the state of being poisoned, from toxic substances produced within the body." This is a condition due to the stomach, bowels, kidneys, liver, or pores of the body failing to throw off the poisons. More than 50% of adults are suffering from this trouble. This is probably why you are suffering from nervousness, headaches, loss of appetite, lack of ambition, and many other symptoms produced by Auto-Intoxication. Your whole system needs stirring up.

## DR. PIERCE'S GOLDEN MEDICAL DISCOVERY

(In Tablet or Liquid Form) will remedy the trouble. It first aids the system to expel accumulated poisons. It acts as a tonic and finally enables the body to eliminate its own poisons without any outside aid. Obey Nature's warnings. Your dealer in medicines will supply you, or you may send \$5c for a sample package of tablets by mail. Address Dr. R. V. Pierce, Buffalo, N.Y.

The Success Label. Upton Sinclair, commenting in Baltimore on the enormous fortunes now existing in America, said:

"In no other place in the world over are such fortunes to be found. One reason is that our laws regulating financial transactions are less stringent than those of other countries, and another reason is that even where we have laws our magnates forget about them.

"In fact," Mr. Sinclair concluded with a laugh, "the histories of some of our largest American fortunes show clearly that on the door of success is 'push' in brass."—Chicago Record-Herald.

Succinct. Representative Simon D. Fess of Ohio believes in looking for the brightest side of life; he is "strong" for optimism. His distinction between ap optimism and a pessimist is apparent in the following definition which he sometimes gives:

"A pessimist," says Representative Fess, "asks 'Is there any milk in that pitcher?' But the optimist says, 'Pass the cream.'"

Softy. "He remarked to her that men are but clay." "Bright." "And she asked him if that applied to her." "And then?" "He replied that it applied to all. And now his name is mud." "She threw cold water on him, eh?"—Houston Post.

## TORTURING TWINGES

Much so-called rheumatism is caused by weakened kidneys. When the kidneys fail to clear the blood of uric acid, the acid forms into crystals like bits of broken glass in the muscles, joints and on the nerve casings. Torturing pains start through the affected part whenever it is moved. By curing the kidneys, Doan's Kidney Pills have eased thousands of rheumatic cases, lumbago, sciatica, gravel, neuralgia and urinary disorders.

## A SOUTH CAROLINA CASE

W. R. Smart, Belle Fourche, S. C., says: "Rheumatism caused me terrible suffering. I had to give up work. I had to be lifted and carried and was perfectly helpless. Doan's Kidney Pills acted like magic in driving away the rheumatism. It soon left me entirely and I haven't had an attack since."
